Updated: 4/4/16

Note 1: Students may borrow up to the cost-of-attendance budget less any financial aid, e.g., fellowships or scholarships. Information about student loan programs is available through Student Financial Services (SFS), the public service FinAid website or the External Funding Sources section of the MBA website.

Note 2: If you are married and/or have dependents, you may face higher costs. Students with extenuating circumstances can request a budget reevaluation to borrow funds above the set student budget once the Fall semester has started. Budget increases can only be approved for purposes and amounts that fall within guidelines set by the University and federal law. Please contact the Wharton MBA Financial Aid Office at 215-898-8728 or by email at financialaid@wharton.upenn.edu for additional information.

Note 3: A Student Health Services Clinical Fee is automatically posted to student accounts on the first tuition bills of the fall and spring semesters. The estimated fee for the 2017-2018 academic year is \$546.
